To the Central Florida Community,

Welcome to Orange Technical College – where we are proving there is more than one way to a great career! Whether this is your official introduction to OTC, or a trip down memory lane, we are happy to serve you in a way that furthers your CAREER, without burdening you with excessive debt. Our bottom line is student success. We want to give you the skills you need, to become what you want to be. That includes providing you with this great resource, the Educator, as you look towards your future.

Since 1933, we have continued to grow and evolve, always focused on improving the lives of students and positively impacting workforce needs here in Central Florida. Throughout our five technical college campuses, you can learn the industry skills needed to start a whole new CAREER, finish your high school diploma, become an apprentice, learn English and even expand your current skills to make you more marketable to employers.

Stop by any of our campuses listed in this booklet, give us a call, or find us online, and we will guide you to the next step on your path to a new tomorrow. I want to thank you for taking time to look through our programs and considering how you determine your future. I hope that you will take advantage of the tremendous opportunity that exists within our technical college campus and classroom. Have a great E Day!

Dr. Michael Armbruster
Associate Superintendent
Career & Technical Education
Orange County Public Schools

Changing Lives Through Education

That's What We Do!

The CTE Way

A commitment to character, quality, and professionalism

OCPS VISION

To be the top producer of successful students in the nation

OCPS MISSION

To lead our students to success with the support and involvement of families and the community

OCPS GOALS

To focus our efforts to accomplish our mission and achieve our vision, the board and superintendent set five broad goals:

- Intense Focus on Student Achievement
- High-Performing and Dedicated Team
- Safe Learning and Working Environment
- Efficient Operations
- Sustained Community Engagement
