**PROGRAM INFORMATION**

**CAREER CERTIFICATES**

OTC prepares students for a wide-variety of careers through programs of study ranging from a couple of months to a year or more, leading to industry certifications and licensures. Graduates can also earn future college credits in most career certificate programs, in addition to valuable work-related experience in their field of study.

**CONTINUING EDUCATION & PERSONAL INTEREST**

OTC offers short-term courses and workshops designed to provide students the industry-specific skills needed to gain entry or remain current in a variety of professions. Typically, these courses take just a few days or weeks to complete, and provide immediate value to job seekers, as well as those who are currently employed.

**ADULT GENERAL EDUCATION**

Adult education offers courses that provide rigorous learning experiences to meet the educational needs of adults through literacy, high school completion, workforce preparation and technology. Among these programs are English for Speakers of Other Languages (ESOL), General Educational Development (GED) Prep & Testing and more.

**APPRENTICESHIP**

Apprenticeships provide a unique learning experience, combining classroom instruction and on-the-job experience. Through industry partnerships, students are able to take advantage of paid employment with no cost training. Completing each year of training elevates apprentices’ hourly pay rate and their status within the skilled trade community.

**DUAL ENROLLMENT**

Dual Enrollment allows OCPS high school students to take courses through OTC while enrolled at their home high school. Students can attend an OTC campus for a half-day or, at some schools, enroll in OTC courses offered on the high school campus. Dual Enrollment students earn elective credits while preparing for a career. To learn more, contact the Career Specialist at any OCPS high school.
